

Certification Licensing Fee

Pasture for Life Certified Producers and Approved Businesses are liable to an annual licensing fee for use of the Certification Mark. If the licensing fee is not paid, permission to use the Certification Mark will be removed. The fee is £100 + VAT per year.

There is no requirement for those producers wishing to become certified or businesses wishing to become approved to be a member of Pasture for Life. However, Pasture for Life **members receive a 100% discount on their licensing fee**, which will be applied automatically at renewal each year.
